

Dear Alumni & Friends,

On behalf of the Foundation Board, I want to thank each of you for your support of the University of North Alabama. As members of the board, we hold this institution very near to our hearts. To see UNA supported by this dedicated group of volunteers, as well as by all of our alumni and friends, is truly inspiring.

We understand the trust you put in us to make sure we are good stewards of your money, and we take that trust very seriously.

Dr. Deborah Shaw '82

Dear UNA
Family and
Friends,

This has
been another
impressive
year for the
University of
North Alabama
Foundation,
and we have

many generous donors to thank
for that. I sincerely appreciate the
generosity shown to this institution.
We have had a very successful year
as evidenced by the amount of
money raised and alumni engagement
opportunities experienced.

I am also pleased your gifts are
truly making an impact. At the end
of the University's fiscal year, which
was September 30, 2017, we raised
\$33.2 million on our way to a goal of
\$35 million for our "Build the Pride"
comprehensive campaign. This past
year has seen a significant increase
in money raised from the year prior,
as momentum has grown and more
alumni have been touched from our
campaign efforts.

Gifts and pledges for the 2016-
2017 year totaled \$8,753,000, made
by 2,775 donors collectively. This
represents a financial increase over
the year before of sixteen percent.

UNA's annual Derby Day was
once again a successful fundraising

MARY FILIATRAULT

STUDENT SPOTLIGHT

Mary Filiatrault's UNA story has a unique twist in that she attended the University for one semester as a freshman before transferring to a larger DI university, only to discover that UNA was definitely the place for her to thrive. Mary realized the personal relationships she developed with faculty and staff in conjunction with a small classroom setting provided a more personal learning experience which caused her to transfer back to the University the following semester.

A junior from Hartselle with a double major in French and German and a minor in global studies, Mary is a student with great passion for learning and is currently studying Mandarin Chinese in addition to the languages of her major. She aspires to become an interpreter who works with people from different cultures and backgrounds. Mary's interest in her career path developed at a very young age because of the culture her immigrant grandparents incorporated into her childhood. She has fond memories of growing up in a household that helped shape her into the person she is today.

Mary discovered at the age of 13 that she had sensory nerve damage especially affecting her feet which are numb to the touch. This could have presented barriers for her, but instead she used it as a catalyst to begin twirling and to participate in a number of sports. Mary is currently an ambassador for the College of Arts and Sciences and president

of the University French Club. She serves as the captain of the UNA Pride of Dixie Majorette Line and coaches high school majorettes at several schools in the surrounding area.

Mary enjoys working with people from all walks of life and has a high interest in diversity. The scholarship which she receives through the marching band has allowed her to continue her education and her public service with peace of mind that her financial needs are being met. Mary believes that she owes her success to the teachers, students, and donors who have encouraged and aided her on her journey to higher education.

TYLER JOYNER

STUDENT SPOTLIGHT

Tyler Joyner considered a number of colleges when trying to determine where to continue his education and athletic career after graduating from Jefferson Davis Community College. While this was not an easy decision for Tyler and his family, two main factors played into his decision. The first factor was that UNA offered him a full baseball scholarship as well as additional academic scholarships to help with additional expenses. The second reason Tyler chose the University was to pursue a degree in engineering technology.

Tyler, a native of East Brewton, has always had the desire to become an engineer and the University offers a wonderful opportunity to fulfill that ambition. He knew there was no way his family could afford the full cost of college, but scholarship opportunities made a four-year degree a reality. Tyler said that the University has allowed him to grow and expand in ways that he never believed were possible. He learned the importance of work ethic and self-discipline while being a student athlete, earning many athletic awards including the 2017 Bob Stephenson Award. The award, created in 2013, is presented to a team member who has contributed to the program on the field and in the classroom, showing great

character, accountability and loyalty to the UNA baseball program.

While baseball is important to Tyler, he values the opportunity to pursue his degree, and has a 3.55 grade point average to show for his hard work. According to one of his professors, "He exemplifies everything a student athlete should be."

Tyler said that UNA has been a dream come true and he is forever grateful for the opportunity to become a UNA Lion.

Heidi Pham left her home in Ho Chi Minh City, Vietnam, at 18 to come to the University—a shy young woman who spoke broken English and had trouble looking people in the eye as a result of her insecurity. Four years later, she is fluent in English and maintains a 3.87 grade point average and is looking forward to a career in accounting. She works part-time in the International Admissions office and has made many friends.

Heidi's personal courage and hard work have
